

# How can Home-Base help you?

*We provide hope and a future for orphaned and vulnerable youth by creating opportunities for further education, so that they can reach their full potential.*

## CAREER GUIDANCE

- **Assess:** Helping learners know themselves better. Assessing and exploring career options.
- **Explore:** Guiding learners towards finding the right career path and next steps for their studies or for work.
- **Pursue:** Encouraging learners to make wise decisions on their journey and giving them the necessary skills to pursue their dreams.
- All this is through group workshops and individual assessments.

## STUDENT-INSTITUTION FIT

- Researching study options.
- Exploring which institutions offer relevant qualifications.
- Ensuring that students meet admission requirements and deadlines and assisting with the application process.
- Sourcing funding.
- Building relationships with all stakeholders.

## SUPPORT

- Providing a home for a number of students studying in Johannesburg.
- Providing for their basic needs, including a safe home environment, love, care, guidance and study support.
- Connecting students with mentors, tutors and organisations.
- Connecting students into the community.
- Keeping students connected to their home institutions.

## WORK- BASE

- Offering accredited vocational training: Umalusi (Further Education Governing Body of South Africa) and City & Guilds (Global Organisation of Vocational Training and Certification).
- Two key streams: School of Hospitality and School of Hair & Beauty.
- Incorporating practical, vocational training, life-skills & entrepreneurship. Focused on every aspect of life so that every student can reach their full potential.
- Develops young people to help find their place in society and to reach their full potential.
